

Presentation of the University Health Services – SSE (Inter-university Services for student's health)

Missions and activities

The University Health Services ensure the students' health check-ups, provide many free and confidential medical and social services, as well as help for disabled students and students with health issues.

A team of doctors, psychiatrists, psychologists, dietitians, social workers, nurses, and reception desk workers are at your disposition for:

- Welcoming you, Prevention, Listening, Emergency care
- A mandatory appointment for Bachelor Degree students
- Any type of request on appointment (medical paperwork ...)
- Specialized consultations on appointment (contraception, diet, psychiatry and/or psychology ...)
- Other services (sophrology/relaxation, first aid classes, cooking classes ...)
- Social services (Listening, orientation, housing, financial aid, paperwork help ...)
